**Lilac Class**—Obaid, for his exceptional walking taking the register back every day this week

Students at Brookfield House have been very busy and engaged in lots of exciting activities. The topics we have been working on include 'Travel and Transport' and 'Being Safe'. Bronze Class visited Woodford Fire Station on Monday and had a great time exploring the fire engine and being shown various gadgets. They also enjoyed holding the water hose and wearing the helmets. Students have also been shopping at The Works, in Chingford where they experienced choosing toys and activities for their class.

Students across the school have attended their regular trips which include horse riding, swimming, shopping and various other activities. Going out into the community is an important part of learning for our students.

We hope that you will have an enjoyable half term break next week. We return to school on Monday 19<sup>th</sup> February at the normal time. The Image Musical Theatre will be coming to perform Robin Hood on our first day back, which is a lovely way to start our term!

**Wishing you a pleasant half term**

pastimes this week. We surveyed the ward to find the most popular children's toys and displayed our findings. Pupils baked magnificent stained glass window biscuits (don't they look delicious?) and created beautiful, mechanical, wooden toys using wheels and axles (don't they look fantastic?). Later in the week, pupils wrote instructions for their own games and then found, through investigation, the missing ingredient from an exploding volcano kit.

What a messy, funny and creative week! I hope everyone's half term is similar...
